Question #2

Bradley opened a box of cookies.

- The box had 3 rows of cookies with 12 cookies in each row
- He immediately ate four cookies
- He placed 7 cookies in a bag for later

What expression can be used to show there are still 25 cookies in the box?

Answer

©TeachingintheFastLaneLLC2018

Answer #2

$$3 \times 12 - (4 + 7)$$

or

$$3 \times 12 - 4 - 7$$
