TO THE TEACHER

- This product is a 30 week long weekly warm-up for Texas History with a daily question
- It is great for a bell-ringer or warm-up activity
- I have used this product in a few different ways:
 - Make a copy of the whole product for each student and place it in a folder with brads for the whole year (this means only prep once and you are done for the year)
 - Make a copy of each week and hand it out on Monday and collect each Friday
 - Project the warm-up each day and students answer in their journals (this saves a TON of paper, but can be difficult for students that struggle with organization)
- I usually give students two minutes to answer on their own, a minute to discuss their answers, and then we share out.

Name _____ # _____ Date _____
